- R&D for BBC Scotland & BBC clients amongst which the 2012 London Olympics

QA Tester | 2006 – 2008
TPLD (Internship)

- QA Tester on educational games

HOBBIES & INTERESTS

As keen gamer, with a preference for **racing games** I avidly follow all sorts of **Motorsports**. I love **F1**, **MotoGP**, **SBK**, I'll follow **WEC** & **Dakar** but I'll keep updated on most major series.

In my free time I'm usually found on mountain trails either for leisure or helping out partner with foreign clients on guided tours in the Apennines, otherwise enjoys playing basketball, tinkering with my **motorbikes** or adventuring offroad with my **kitted up Discovery 2.**
